\_\_\_\_\_ **Personal Extras:**

- \_\_\_\_\_ Whistle
- \_\_\_\_\_ Watch
- \_\_\_\_\_ Camera
- \_\_\_\_\_ Pencil & Pad
- \_\_\_\_\_ Sunglasses
- \_\_\_\_\_ Swimsuit
- \_\_\_\_\_ Gloves

- Please put your name on all your gear, if possible.
- Scout Uniform (Class A) is to be worn when leaving for a campout.
- Refer to your *Boy Scout Handbook* for special equipment and needed for backpacking.
- For cold-weather camping, additional equipment is necessary. With proper equipment, cold-weather camping does not mean being cold. The sleeping bag should be rated for about +20 degrees, or a liner or cover for the regular bag can work. Warm footgear is essential. Socks should have no cotton content instead they should be wool or synthetic; sock liners help. Clothing should consist of three layers. None of the layers should be cotton if possible. The inner layer should wick moisture away from the skin (polypropylene underwear works well). The second layer should trap an air layer (fleece works well). The outer layer should top the wind. A good stocking cap and gloves are also necessary.
